RECOMBI 102G – Gas 10-Level Full Size Steam Generator Combi Oven

CORECOMBI 102G

Gas 10-Level Full Size Steam Generator Combi

SPECIFIER STATEMENT

CoreCombi model 102G features 10" touchscreen, Multi-function modes Convection, Steam, and Combi with predictive humidity control, steam generator for quality steam, programmable recipes, multi-shelf timers, automatic cleaning with water recirculation, auto descale, non-proprietary liquid chemicals, auto-reversing fan, LED lights, triple pane glass door, USB port, multipoint food probe, 5 grab-and-go wire racks, 120 V / 60 HZ. One-year limited parts and labor warranty.

Exterior Dimensions:

Combi: 43.6" H x 44.5" W x 41.3" D Combi on stand: 69.8" H x 44.5" W x 41.3" D

Capacity:

(20) 12" x 20" hotel pans or (10) 18" x 26" full sheet pans

MODEL

☐ CORE-102G 10-Level full size

STANDARD FEATURES

- Multiple cooking capabilities include: bake, steam, roast, grill, air-fry, rethermalization, proof, finish, poach, stew, low temp, defrost, cook & hold and more.
- 10" touch screen.
- Multi-point food probe.
- Multi-function cooking and cleaning modes.
- Programmable recipes, Multi-Level Shelf Timers, and Multi-Product functions.
- Patented automatic humidity control based on temperature.
 Humidity range: low, medium & high.
- Auto cleaning wash system with water recirculation using non-proprietary liquid detergent.
- Patent-pending cavity deliming process, in conjunction with the steam generator deliming, provides an effective method for preventative maintenance.
- Exclusive grab-and-go racks with cutout design.
- Custom settings allow for user personalization, interactive service diagnostics, data collection and operator instructional help screens.
- Temperature: 80-575°F with visual display of set and actual temperature.
- Continuous timer: tracks up to 99:59:59 hours, minutes, and seconds. Set, remaining or count time displayed.
- Auto-reversing fan with 3 adjustable speeds.
- Flashing LED lights & audible alarm system alert user when cooking cycle ends.
- USB port to upload or download information.
- Universal spray hose kit.
- One-year limited parts and labor warranty.

CORECOMBI 102G

Gas 10-Level Full Size Steam Generator Combi

WATER QUALITY STATEMENT

The fact that a water supply is potable is no guarantee that it is suitable for steam generation. All steam equipment is subject to contamination and failure due to chemical and mineral content found in water. A suitable Water Treatment System and regular filter replacements coupled with routine deliming is the recommended minimum. Damage as a result of poor water quality or lack of required owner/operator maintenance is the responsibility of the owner/operator.

Your water supply must be within these general guidelines:

DYNAMIC WATER PRESSURE 15-87 psi (30-60 recommended)

HARDNESS*1 - 3 grainsSILICAless than 13 ppmTOTAL CHLORIDEless than 30 ppm

pH RANGE 7-8
CHLORINE & CHLORAMINE 0 ppm

ALKALINITY less than 20 ppm
TDS less than 60 ppm
UN-DISSOLVED SOLIDS less than 5 microns

Other factors affecting steam generation are iron content, amount of chlorination and dissolved gases. Water supplies vary from state to state and from locations within a state. Therefore it is necessary that the local water treatment specialist be consulted before the installation of any steam generating equipment.

USER RESPONSIBILITY

The product must be installed, cleaned and maintained as described in the Manual furnished with the product. It is the responsibility of the owner and installer to comply with local codes.

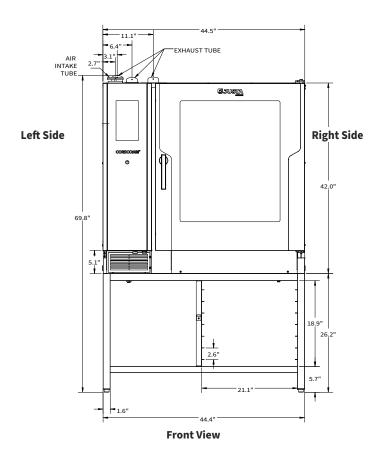

As continued product improvement is a policy of Justa by Vulcan, specifications are subject to change without notice.

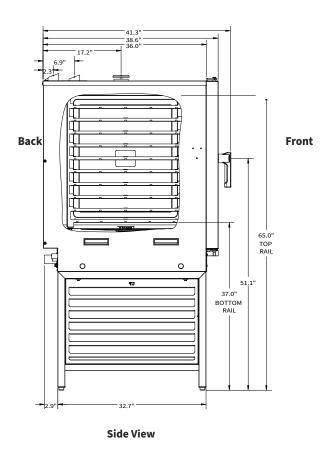

^{* 17.1} ppm = 1 grain of hardness
